Group work evaluation

Name: \_\_\_\_\_

Please write the names of your group members (including yourself) in the spaces below and rate everyone's contribution to the work by marking in the appropriate box. If everyone contributed the same amount, everyone would be rated "average." If one person contributed a little more and one a little less, they would be "somewhat above average" and "somewhat below average," respectively.

| Student name | Far below average | Somewhat below average | Average | Somewhat above average | Far above average |
|--------------|-------------------|------------------------|---------|------------------------|-------------------|
